SYNOPSIS.

THE CITY. Grocers arrested for selling tobacco to Utah-street school pupils, more to follow. Publication by The Times of hideous Chinese torture racks brings protest and request that American government condemn such articles on the war junk Whang-Ho, now due at San Pedro. War comradeship credited with a peace victory in Methodist Conference, appointing Giffen, Independent candidate, stiffens Senatorial fight in Thirty-eighth district. Dr. Collins, charter member G.A.R., passes. Mrs. Mary Ambrose Reeves runs escape for \$15,000 damages for alleged indignities to her son. Street crossing regardless of passengers and cars bump. Y.M.C.A. opens large night school. Court. William Hector dead. City Council talks street-railway franchise extension, no action. Nearly two millions in county treasury. Detention Home report to be investigated by Superior. Two women in land deal accuse third of fraud. Ice man fined for fighting officer. Many sales of good property. Water Board raises minimum wage of its laborers to \$2.50 a day. City reservoirs depleted. Schmees wins fight to regain liquor license. Majors convicted of assault. Veteran news scribbles here.

SOUTHERN CALIFORNIA. Manager of Hotel Green, Pasadena, denies designs on Elby ranch near Long Beach for country club annex. White man with shotgun slays negro at winery east of Pomona. No mob and no ladder at preliminary examination of Belden, alleged murderer, in Long Beach. Vermont grand jury causes arrest of prominent Redlands man. Gov. Vega of northern district of Lower California recalls permits for United States officers to cross border armed.

PACIFIC SLOPE. Cook party scales Mount McKinley. Unorganized street car men in Seattle get increase of wages, after turning down union organizer. Missing bridegroom's body is found in city waterway at Tacoma. Another wreck is reported from Alaska. Modern residence sinks three feet on foundations while guests were enjoying celebration. Employee arraigns administration of Immigration Bureau on Canadian frontier. Aged court reporter is found badly wounded in San Francisco. Foul play is suspected. On refusal of better wages 1200 mill men strike at Alameda county. One and a half up four people in street car at Oakland. Union Iron Works will be enlarged. More ferryboats will be furnished to supply needs of travel around San Francisco. Doctor is killed, and two are injured in trolley collision in San Francisco.

EASTERN. Mormon President Smith arrives home. President holds important conference on Cuba. Wealthy Rhode Island mill owner is in trouble because of his many loves. A. J. Adams, so-called Policy King, shoots himself. Gov. Magoon returns from Panama isthmus and says Chinese are unfit for canal laborers. Modification of injunction against Rothschild mining company is sought. Meat packers form national association to meet inspection laws. Gompers is disgusted with blackguardism of Chicago unions. Methodist Day Concern grants an eight-hour day. Husband seeks divorce from leading woman of "College Girl" company. Newsboy is entered as freshman at Harvard with honor greater than was ever given to millionaire. Boston inventor says he can extract tin from coal or coke by boiling. Murder mystery is revived in Massachusetts after supposed slayer has been reported dead in insane asylum. Child is instantly killed and one man is wounded in collision of auto and trolley car. Marshall Field's widow may wed Dr. Frank Billings.

FOREIGN. Canadian printers refuse to pay assessments to support American printers on strike and will leave International. Man lost from Ottawa for twelve years turns up in California after his wife had spent his life there. American ship easily wins race against Japanese tariffs.

MORMON SURPRISE.

President Smith a Court Prisoner.

Arrested and Bound Over by Law Officers of His Own Faith.

Charge of Living Unlawfully With Five Wives Laid Against Him.

Head of the Church Returned From Europe Only a Few Days Ago.

(BY THE ASSOCIATED PRESS—P.M.)

SALT LAKE (Utah) Oct. 1.—The president of the Mormon church, Joseph F. Smith, was arrested and bound over to the District Court today on the charge of living unlawfully with five wives.

The complaint was sworn to by a Mormon deputy sheriff, the warrant was served by order of a Mormon Sheriff, and the committing magistrate is also a Mormon.

WAIVES PRELIMINARY HEARING. President Smith was also arraigned immediately after his arrest, and waived preliminary hearing. After being bound over he was released on his own recognizance.

President Smith reached here two days ago on his return from Europe. He then learned that an attempt had been made to secure his arrest for a statutory offense in connection with the birth of his forty-third child. The complaint was made from a distinctly anti-Mormon source.

COUNTY ATTORNEY CITED. The County Attorney refused to approve a prosecution on this charge, and was then cited to appear in court and show cause why he should not be compelled to act in the matter.

After the hearing, the court held that the attorney was justified in refusing to prosecute, because the complainant offered no evidence that the mother of the child was not the wife of President Smith.

Whatever the motive back of today's proceedings, the effect will be to disarm the criticism that has been directed against the authorities for their failure to take cognizance of the admissions made by President Smith before the Senate committee during the investigation of the Smoot case.

OWEN THE INFORMANT. (BY DIRECT WIRE TO THE TIMES.) **SALT LAKE, Oct. 1.**—[Exclusive Dispatch.] A sensation of no small proportion was caused here this afternoon when President Joseph F. Smith of the Mormon church suddenly appeared in the City Court before Judge Whitaker and waived examination on a charge of unlawful cohabitation.

The charge was made by C. Moen Owen, a professional "spotter" upon and accuser of the Mormon people, who gave testimony in the Smoot case at Washington.

Owen alleged that one of President Smith's wives had recently born him a child, and that he was accordingly guilty of the aforesaid crime. The charge is a modified one of a complaint that was made when President Smith was in Europe, from which place he returned Saturday last.

APPEARS VOLUNTARILY. On learning that he was wanted in court, he appeared voluntarily before Judge Whitaker and waived examination, and will probably go before the District Court and enter a plea of guilty, as he is reported as saying: "The mother of the child is my wife, though I was married to her many years ago, but I cannot and will not disown her, or deny the paternity of her child. To disown her would make me ashamed of myself."

The arrest, for that is what the case amounts to, coming as it does, only a few days in advance of the big semi-annual Mormon conference and in the early days of what promises to be a bitter campaign in Utah, has occasioned no small ripple in political business and social circles. The maximum penalty for the offense is six months in jail and a three-hundred-dollar fine.

MRS. MARSHALL FIELD, widow of Chicago's late dry-goods multi-millionaire who, dispatches say, is to marry again.

FIELD'S WIDOW MAY REMARRY.

OVER-SEA CABLEGRAM STATES SHE IS ENGAGED.

Message from Chicagoan in Paris Names Dr. Frank Billings as the Prospective Groom—He Denies the "Soft Impression" While Smiling Genially.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 1.—[Exclusive Dispatch.] Gossip from over the seas proclaims that a marriage engagement exists between Mrs. Marshall Field, widow of the late merchant, and Dr. Frank Billings. The doctor denies the story, but in spite of his denial, gossip is persistent.

The news came to Chicago in a cablegram. The message was under a Paris date, and was from a man who is well known to both Mrs. Field and Dr. Billings, a Chicagoan who has been sojourning in the French capital. Dr. Billings was advised of the gossip last night.

"Well, well," he said, "I cannot imagine how such a story originated. Why, I do not know where Mrs. Field is, just at the present time. Mere gossip is all it is, and there is no foundation for it."

"No," he went on, with an emphatic shake of his head, "I give it up. I don't know where Mrs. Field is, just at the present time. Mere gossip is all it is, and there is no foundation for it."

NEWSBOY GOES TO HARVARD.

Fellow-Vendors of Dailies Raise Fund for His Education and When He Is Admitted to University Carry Him on Their Shoulders Out of Hall.

(BY DIRECT WIRE TO THE TIMES.)

CAMBRIDGE, (Mass.) Oct. 1.—[Exclusive Dispatch.] Greeted with honors never bestowed upon a millionaire's son, the first Harvard freshman to be

CHARLES W. ELLIOT, of Harvard, the Nestor of American college presidents.

announced in advance of his entry was welcomed by President Elliot and scores of the most prominent Boston citizens, in the person of a Boston newsboy, who was today officially tendered a scholarship to Harvard and was enrolled as a student with ceremonial honors.

Newsboy Myer Heller, 17 years old, a lad who lives with a widowed mother, at No. 23 Wall street, West End, is the new freshman. His expenses will be paid by an income from a fund raised by newsboys themselves. For months they have worked and solicited until they have \$256.16, which will be the foundation of the fund. Heller was borne on the shoulders of his fellow members of the Newsboys' Union, shouting and cheering, out of Ford Hall, where he was named as recipient of the first Harvard newsboy scholarship. He has earned his own living ever since he was 8 years old.

ACCUSES COL. KINGSBURY. MANILA, Oct. 1.—Maj. Ayres, who is under arrest at Fort McKinley, charged with insubordination by Col. Kingsbury, has filed charges against Col. Kingsbury, accusing him of misconduct with the wife of Private O'Brien.

Gov. Taft Cables That He Needs Marines but No Battleships.

Gen. Shafter Comments On the "Wily Native" as Uncertain Quantity.

RECRUITING AT THE MALECON FOR THE ARMY OF THE CUBAN REPUBLIC. These officers, who are organizing the "Foreign Legion" to do the artillery fighting for the government are from left to right, Lieutenant Adolph Fittig, Captain George Reno, Colonel Herbert A. Clews, Colonel Marcos Morales, and Captain E. B. Webster. The government troops under Captain Webster recently defeated the rebels at Las Ovas. (From Harper's Weekly.)

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Oct. 1.—Maj.-Gen. W. R. Shafter, U. S. A., retired, who commanded the military operations in Cuba in 1898, said in an interview, today, that he did not think the army of occupation would have much to do in the island.

"A hundred American soldiers would be sufficient to seize and hold Cuba at the present time," said the general. "The Cubans themselves realize this, and will make no effort to offer any resistance to the army of occupation."

"There are, however, some very wily natives among the contending Cuban forces, and these may be expected to hold out and be an uncertain quantity until assured that the American occupation is an occupation in fact."

CONFERS WITH PRESIDENT.

(BY THE ASSOCIATED PRESS—P.M.) **WASHINGTON, Oct. 1.**—Gen. Barry telegraphed, the War Department, tonight, that he had just arrived from Europe, and will reach Washington tomorrow night.

Secretary Root and Atty.-Gen. Moody called at the White House at 9:30 o'clock tonight, by appointment, and immediately entered into a conference with the President.

RUSHING THE SUMNER.

(BY THE ASSOCIATED PRESS—P.M.) **NEW YORK, Oct. 1.**—Final preparations for the sailing of the transport Sumner, which will carry the first expeditionary forces to Cuba, were rushed tonight with the expectation that the transport would be ready to sail before midnight. The two battalions of infantry from the Plattsbury, N. Y., barracks, arrived at Weehawken and embarked at 10 o'clock. The battalion of engineers from Washington, which, with the infantry from Plattsbury, will constitute the Sumner's complement of soldiers, embarked tonight also.

WORKED ALL NIGHT. (BY THE ASSOCIATED PRESS—P.M.) **WASHINGTON, Oct. 1.**—Secretary Taft is in constant communication with the President concerning the Cuban situation, but has not communicated with the War Department officials since Saturday. Officials and clerks at the War Department worked practically all last night.

TROOPS FROM THE COAST. (BY THE ASSOCIATED PRESS—P.M.) **VANCOUVER BARRACKS (Wash.) Oct. 1.**—The Seventeenth and Eighteenth batteries, field artillery, left here today over the Northern Pacific Railroad for Newport News, Va., by way of Puget Sound. The troops and equipment filled two special trains totalling thirty-four cars.

Hearstites Plunging in the East.

Boston Politicians Wonder at Flow From the "Barrel" in New England.

Pages of Newspaper Space in Support of Presidential Boom.

Boss Murphy's Control of Party Now Undisputed. Connors Rewarded.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Oct. 1.—The prodigality with which money is being spent for the Hearst propaganda throughout New England and other sections East is a source of wonder among prominent politicians here.

Aside from the New York campaign, many thousands are being spent in New England, especially Massachusetts. His managers hope by coupling his name with Moran, to capture the Moran following for Hearst and work it into Independence League membership for 1908 Presidential aspirations.

His Sunday editor is secretary of the Independence League and pages of space is being devoted to it. Sunday, a cunningly-worded page advertisement in some leading Boston papers outside of Hearst's paper purported to pledge Timothy Coakley's support to Moran for Governor and predicted that Hearst would be the next President. Moran immediately repudiated any knowledge of it, or any acceptance.

Hundreds of political retainers are drawing stipends from the Hearst coffers, and expensive offices are maintained here in the Winthrop building, whence thousands of circulars are sent out every day.

MURPHY CONTROLS PARTY.

REALIZES HIS AMBITION. (BY DIRECT WIRE TO THE TIMES.) **NEW YORK, Oct. 1.**—[Exclusive Dispatch.] Charles F. Murphy was in complete control of the organization of the new Democratic State Committee today. He is the first Tammany leader to realize his ambition of becoming undisputed leader of the Democratic party in the State.

There was no opposition to Murphy. The conservative Democrats, who intend to spare no effort to make Charles E. Hughes Governor, insisted that the Tammany chief should take the full responsibility of the campaign for his own candidate, W. R. Hearst.

By order of Murphy, W. J. Connors, who was the intermediary between Hearst and the Murphy-Sullivan combination before the Democratic State Convention, was made chairman of the committee to succeed Cord Meyer. Only one vote was cast against Connors, that of Charles J. Hullihan, who had the proxy of George Hall of St. Lawrence, and who explained that, as a representative of organized labor, he could not vote for Connors in view of his record as a "strike-breaker" in Buffalo.

CONNORS IS REWARDED.

The election of Connors to the chairmanship of the committee was a reward for the part he played in arranging the Hearst-Murphy "deal," which resulted in the endorsement of the Independence League candidate by the Democratic convention. Murphy and Connors were both in the best spirits. Their faces were wreathed in smiles as they shook hands with the members of the committee and assigned them to their parts.

Mat. G. Merz, one of the Buffalo members of the committee, nominated Connors, saying he had "rendered valuable services to Mr. Hearst, our candidate for Governor, in the last campaign."

"FARMER JACKSON'S" BREEZE. Henry G. Jackson, better known as "Farmer Jackson" of Binghamton, one of the original Hearst members of the old committee, made a breezy seconding speech.

"Elect Mr. Connors chairman of the committee, and we'll be on 'Easy street,'" he said. "He's on to all the tricks and dodges of the Republicans. He wants the job, and I say let him have it. If he wins, they'll say he couldn't help it, and if he loses, they'll say he's a d-d fool. It's a job that most of us would shirk from, but he likes it, and he wants it, and we ought to let him have it."

Connors expects to make headquarters for the committee in the Victoria Hotel, convenient to the Gilsey House, where the Hearst headquarters are located.

(BY THE ASSOCIATED PRESS—P.M.) **NEW YORK, Oct. 1.**—During an address by William R. Hearst at the Brooklyn Casino, tonight, while he was denouncing the bosses, a man in the audience interrupted him with the question: "How about Murphy?" "Many shouted, 'Put him out,'" but Hearst, raising his hand, said: "No, my friends, pay no more attention to him than I do to Murphy."

CLIMB PEAK OF MCKINLEY.

Elevation Is Estimated at 22,800 Feet Above Level of Tidewater.

BY DIRECT WIRE TO THE TIMES.

TACOMA, Oct. 1.—[Exclusive Dispatch.] Dispatches from Seward says the Cook party climbed Mount McKinley on September 15. At the top the temperature was 16 degrees below zero.

The day was cloudy and the party's two barometers refused to work, so they were unable to compute it exactly. They estimated it at 22,800 feet.

The summit is divided into two pinnacles of which the party climbed one. Cook had given up for this year the attempt to ascend the mountain, but on account of favorable weather made another attempt and succeeded.

The trip occupied four days up and back from base.

Waists \$1.25

A Great Value Parade on the Second Floor This Morning.

Hundreds of the prettiest waists we have had on display this season. A great, cool display of white. Tables filled with them. The weather of the past few days just emphasizes the opportuneness of this occasion. It isn't the price itself that we want to emphasize so much as it is the unusualness of the price. It's been our aim all season to have daintier, more effective styles for less than other stores would ask for them. Today we're emphasizing Broadway supremacy again. Hundreds of waists at one favored price. \$1.25 will be more favorite than ever when women see how much more it stands for now.

Waists of fine quality lawn and linen, waists with long and short sleeves, elaborately trimmed with lace and embroidery, waists with front and back fastenings; plain tailored styles and fancy designs, Peter Pans, many different effects to choose from. Sizes from 32 to 44. Compare them with other waists in the city, that's the way to see what it means to buy them today, second floor, at \$1.25.

GOMPERS FLEES FROM CHICAGO.

DENOUNCES WINDY CITY TO TEMITES AS DISORGANIZERS.

Leaves City in Disgrace After Four Days' Stay, During Which Nearly Every Union Was On His Back Seeking Aid in Petty Quarrels. Canadian Printers Tired of Assessments.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 1.—[Exclusive Dispatch.] Samuel Gompers, in whom president of the American Federation of Labor, is centralized the spirit of the organization, denounces Chicago. He came to this city four days ago to reconcile dividing factions of politicians and two fighting clans of teamsters; he left today in disgust.

During the brief and uneventful stay of the head of the organized workers of the United States, Chicago overdid itself in the way of disorganizing and the squabbling of teamsters. President Gompers was called upon to witness these and other upheavals of labor union. The carpenters and wood-workers are fighting for control of all mill work. The socialists are overthrowing unionists in the Industrial Workers of the World.

Half a dozen building trades are involved in bitter jurisdictional contests. Gompers had not been gone an hour until the stationary engineers and green men were fighting for control of stokers.

CANADIAN PRINTERS RESTIVE.

WISH TO LEAVE INTERNATIONAL. (BY DIRECT WIRE TO THE TIMES.) OTTAWA (Ont.) Oct. 1.—[Exclusive Dispatch.] Dissatisfied with long pay-

ing of heavy assessments to assist American printers on strike, the local Typographical Union, a branch of the International, threatens to secede from the big international union.

MILL MEN STRIKE.

DEMAND BIG INCREASE.

(BY THE ASSOCIATED PRESS—A.M.) OAKLAND, Oct. 1.—Refused an increase in wages from \$3.50 to \$4.50 a day, 1200 mill men in Alameda county walked out this morning. The owners offered an advance to \$4 which was declined after four meetings were held. Twenty-eight mills have closed down.

INCREASES WAGES.

COMPANY OFFERS NEW SCALE.

(BY THE ASSOCIATED PRESS—A.M.) SAN JOSE, Oct. 1.—The San Jose Street Railway Company, owned by the Hibernal Bank of San Francisco, today announced an increase of wages to its employees. The men who have been with the company for a year get one cent more per hour, and those who have been with the company two years or more will get two cents additional for each hour they work. The men at present get \$2 per nine-hour day.

GRANTS EIGHT-HOUR DAY.

IN METHODIST BOOK SHOPS.

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, Oct. 1.—The Rock River conference of the Methodist Episcopal church in session here today approved the action of the Methodist Book Concern in granting an eight-hour day to the printers. The book concern submitted a report embodying its action and saying that it had never opposed the principle of an eight-hour day, but conditions had been such heretofore as to make its introduction impossible. After November 1, an eight-hour day will be inaugurated in all departments.

BEACHES SHERIDAN AGAIN.

Hole Was Torn in Bottom Getting Her off the Rocks Where She First Struck.

(BY THE ASSOCIATED PRESS—A.M.) HONOLULU, Oct. 1.—The United States army transport Sheridan, which ran aground on Barber's Point, was floated today with the assistance of route here was beached to prevent her sinking. The transport now is in a worse position than before. She was driven on the beach at the entrance of Pearl Harbor when it became apparent that she was about to founder.

The Sheridan lies close to the western entrance to Pearl Harbor. Her bow was pointed toward the shore, and she was beached in a position which is difficult to reach. The Buford, Manning and other tugs are standing by to render all the assistance possible.

It is believed that a big hole was torn in the hull of the Sheridan when she was coming off the reef, and it is predicted that she will be a total loss.

BIBLE NEEDS "SQUARE DEAL."

Bishop Charles D. Williams of Michigan Declares It Is Not the "Word of God."

(BY THE ASSOCIATED PRESS—A.M.) DETROIT (Mich.) Oct. 1.—Bishop Charles D. Williams of the Episcopal diocese of Michigan, in an address to Y.M.C.A. members here today, declared that the Bible was not the word of God and that the teachings to the contrary are the most prolific source of unbelief the church has to contend with. The bishop said: "Nowhere does the Bible declare itself the word of God. Yet we are told we must take it in its entirety. It is a venerable book, and visitors are requested not to touch it. As it is the direct word of God there is no other."

"Take the young man just out of

college. He reads Genesis and finds impossible geology, astronomy and ethnology. He teaches, when questioned, says: 'Manipulate it until it fits your sciences.' If too honest to handle the word of God craftily, the young man gives up the Bible. He refuses to utilize his reason.

"To those who accept the entire book as the literal word of God I would point out that it is nowhere so stated. Christ tore asunder the Old Testament precepts, the law of Moses and furnished new ones. Where the Old Testament directed men to hate their enemies, the teachings of Christ were to love your enemies.

"We must learn from the scriptures itself how to read the scriptures. Some of us use it as a heathen does his fetish or amulet—a wicked use of the book."

OPENS MANCHURIA.

Russia Informs China That Chinese Customs Will Soon Rule at Frontier.

(BY THE ASSOCIATED PRESS—A.M.) LONDON, Oct. 1.—In a dispatch from Peking the correspondent of the Times says the Russian Minister to China, M. Pokotloff, has informed the Foreign Board that Russia will agree to the early installation of the Chinese customs on the Russian frontier of Manchuria.

The correspondent says also that the first section of the Peking Kalgan Railroad, thirty-two miles long, was formally opened yesterday.

GOVERNORS AT MANILA.

MANILA, Oct. 1.—An assembly of provincial Governors met here today to consider conditions in the provinces and to discuss legislation in Congress to secure necessary improvement.

The assembly also will consider the appointment of a committee from the provinces to cooperate with a committee from Manila for the purpose of securing an equitable tariff law. The election of Assembly members and the formation of a permanent organization will also be considered.

ERIN'S FUTURE IS HAPPY.

So Says T. P. O'Conner at Meeting of United Irish League in New York.

(BY THE ASSOCIATED PRESS—A.M.) NEW YORK, Oct. 1.—T. P. O'Conner, a member of the British House of Commons and president of the United Irish League of Great Britain, at a reception given him Sunday night by the Municipal Council of the United Irish League of New York said he brought a message of hope to America as to Ireland's future. "Thirty years," he declared, "landlordism had ruled Ireland with its power to evict to rack-rent and exile. Now that power is destroyed except the price it will receive to leave Ireland to the glorious future that awaits her. I believe that in a quarter of a century Ireland will have all the rights that have been accorded Canada and Australia."

DEFERS AUDIENCE.

American Ambassador to Sublime Porte Is Again Asked to Wait Presentation.

(BY THE ASSOCIATED PRESS—A.M.) CONSTANTINOPLE, Oct. 1.—Ambassador Leishman's audience of the Sultan, which was to have taken place October 2, after a number of postponements, has again been deferred.

The ambassador has been informed that, in view of the fact that the Sultan's birthday is celebrated October 2 and is always succeeded by a religious festival, his reception must be put off until October 5.

The audience, however, is a mere formality and in no wise affects the relations between the embassy and the government, which are normal and friendly.

SULTAN IS SICK.

NEW YORK, Oct. 1.—Special cable dispatches printed here today reiterate the statements, frequently made of late, that Abdul Hamid, Sultan of Turkey, is nearing his death.

The Berlin correspondent of the

Keeley Cure

1022 SOUTH FLOWER

Thousands have been cured of the liquor habit by the Keeley Cure. Let the Keeley cure you. A simple, easy treatment, given with every convenience and comfort. Investigation invited.

London Daily Mail wired that Turkish doctors do not expect the Sultan will live more than six months. The Constantinople correspondent of the Cologne Gazette is quoted as stating that in diplomatic circles the Sultan's condition is regarded with misgiving, a cancerous growth having developed.

The hearing of the Standard Oil Company, in which it is charged that the latter has violated the Valentine anti-trust law, will take place at Findlay, O., in the Probate Court on October 9.

NEW POOL SHARP "ARRIVES."
Karnes, Who Has Come to Stay, Has Shown Himself to Be a Really Live One.

W. A. KARNES.

W. A. Karnes, the latest expert to appear at the surface in the pool puzzle, has been in this city several months and will in all probability remain. He is from the far Eastern States, and when he came West he brought his fine knowledge of the game with him, and showed to good advantage here. His best work has been done against Banks during the two games they played last week, in which Karnes won easily by a score of 100 to 204 at continuous pool, 150 points on different nights.

ELECTIONEER IS CHAMPION COLT.

NEGLECTED IN THE BETTING, HE EQUALS BEST TIME.

Futurity Winner Proves His Class by Beating the Even-Money Favorite Demund—Court Dress, Odds-on Choice, Captures the Follies' of Great Stakes.

NEW YORK, Oct. 1.—J. C. Van Ness's Electioneer, winner of this year's Futurity, today won the \$11,000 colts' half of the Produce Stakes, six furlongs, at Brighton Beach. Electioneer was practically neglected in the betting. Opening at 6 to 1, his price gradually went up to 12 to 1, at the close. J. P. Rainey's Demund, the even-money favorite, was second, with H. P. Whitney's Paumotu, another 12-to-1 shot, third. The time was 1:12.5, which equals the best time of the stakes. There was considerable rough riding in this race, and Water Beach was the chief sufferer, being knocked completely out of the running, and J. Jones, his rider, was thrown against the fence. The filly's half of the Produce Stakes, six furlongs, and worth \$10,000 to the winner, resulted in an easy victory for the 110-2 favorite, Court Dress, belonging to James R. Keene, with Barbary Belle second, and Common Sea third. Results: Six furlongs: Dr. Gardner won. Adoration second, Penarris third; time 1:12.5. Steeplechase, about two miles: T. S. Martin won, Realm second, Sanctus third; time 4:15. The Produce Stakes of \$15,000 for fillies, about six furlongs: Court Dress won, Barbary Belle second, Common Sea third; time 1:12.4. The Produce Stakes of \$15,000 for colts and geldings, six furlongs: Electioneer won, Demund second, Paumotu third; time 1:12.5. Mile and a quarter: Red Prior won. First Mason second, Tartan third; time 2:04. Mile and a sixteenth: Holcher won. Adams second, Lady Tarnetella third; time 1:48.4.

LANCIA IS FAVORITE.

Great Italian Driver Is the Most Favored by Opponents in Big Automobile Race.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Oct. 1.—[Exclusive Dispatch.] With the last week of training for the Vanderbilt cup race entered upon, Lancia, captain of the Fiat band of the Italian team, stands forth as strongest favorite for the event. Such drivers as George Heath (Panhard), Joseph Tracy (Locono), Leoben (Thomas), and Jenatry (Mercedes) place the great Italian race pilot at the head of their lists of most dangerous cup contenders. These enthusiasts who have watched the early morning trials in the Vanderbilt circuit are also strong for Lancia, not so much because of the time he has made in the course as because of the magnificently skillful manner in which he takes the turns with which the route abounds.

Licenses Are Revoked. LOUISVILLE (Ky.) Oct. 1.—At a meeting of the stewards of the American Turf Association today the licenses of Jockeys Truett and McLaughlin and Trainer Hatfield were revoked.

JEFF MIGHT FIGHT AGAIN.

[BY DIRECT WIRE TO THE TIMES.] BOSTON, Oct. 1.—[Exclusive Dispatch.] Jim Jeffries wires the sporting editor of the Boston Post today that he is willing to get back into the ring if a man can be found whom the public will feel is able to give him a good argument. Jeff will not consent to meet any of the second or third raters who have been challenging him.

"I won't fight any man whom I know I can lick easily," he says. "I won't meet any man whom I know is willing to get a licking for the sake of getting the loser's end. I have got to be shown. Go ahead and develop Hackenschmidt, and if he shows he is a classy man I will meet him; but he will have to dispose of some of the present heavyweight poseurs first."

Say, You!

"Opportunity knocks once, at every man's door." This is an old saw, so old that it has become recognized as a rule of human existence. But there are exceptions to all rules, and we furnish the exceptions to this rule in our phenomenal profit-producing record in Goldfield mining stocks. Witness:

First we sold our customers Mohawk Mining Company's stock at from 15 to 50 cents, the latter figure ruling as late as last March. This stock is now selling on the open exchange in Goldfield and San Francisco around \$4.00 per share, or eight times as much as the highest figure our clients paid us for it six months ago, showing an actual cash profit of 700 per cent in six months, or at the rate of 1600 per cent per year.

In July of this year we sold our customers stock of the Frances-Mohawk Mining Company, which owns a lease on a portion of the wonderful Mohawk property, at 20 cents a share. During the last week this stock has been sold at 75 cents per share on the Goldfield Exchange, enabling our customers to make a profit of 275 per cent on investments of less than two and a half months. This stock, like Mohawk, has gone up because it deserved to, for carload after carload of high-grade ore is being shipped from the Frances-Mohawk lease to the smelter, the returns from one of these cars yielding \$22,861.00. Frances-Mohawk pays its first dividend of 5 cents a share, October 6th, which is 25 per cent on our July selling price.

Next, We Offered Our Customers the Stock of Mohawk Leasing Syndicate

Owning a lease on the Mohawk property, and headed by the millionaire miner, Monette. We put on this stock two weeks ago at 25 cents per share; today this stock cannot be bought for less than 40 cents per share, for the company is taking out high-grade milling ore; within a few days the main shaft of the workings will be 50 feet deeper, at which level it will break into the rich gold-bearing ledges encountered by the neighboring leasers, and then the stock will repeat in its upward flight the record of the Frances-Mohawk.

And now what? In conjunction with several well-known Los Angeles capitalists, we have organized the Goldfield Silver Pick Leasing Syndicate (Capital \$500,000), which has secured a lengthy lease on the great Silver Pick property adjoining Mohawk. We are already down 80 feet and have a two and a half foot ledge of ore worth \$80.00 per ton, splendid ore indeed, but only the forerunner of the very rich ore that will be encountered with additional depth. Call at our office and see some of the richest ore ever shown in Los Angeles. We can sell, for a short time, non-assessable stock in this company at 15 cents per share (par value \$1.00,) the lowest price at which we have ever been able to offer a Goldfield leasing stock. We can also, by special arrangement, allow our customers to buy this stock with payment of only 50 per cent of the subscription price down, the other 50 per cent to be paid, without interest, 30 days later. This amounts to carrying our customers for the time allowed on the deferred payments, which action is in itself the best testimonial we can offer of our own faith in the value of the Silver Pick lease. In all probability the stock will soon be selling in the open market at a much higher figure than the present selling price, affording the buyers at the latter the benefit of at least a substantial profit on a stock only half paid for.

The directorate of the Goldfield Silver Pick Leasing Syndicate includes such men as W. R. Wheat, one of the creators of Venice, California's most unique and famous seaside resort; H. T. Rudisill, capitalist and widely known as a successful oil operator; S. P. Kinney, manager of the Kennel-Donnellan Company; W. D. Wilson, capitalist; J. D. Campbell, mining engineer, who located and developed the fabulous ore bodies of the Jumbo and Reilly lease on the Florence property at Goldfield, and who is consulting engineer at the lease.

We have made large amounts of profits for Los Angeles investors in our Goldfield leasing stocks during the last two months—this we can clearly demonstrate to any one. We shall make other large amounts for investors in the stock of the Goldfield Silver Pick Leasing Syndicate. Will you join the list of those who are to share in these profits? If so, act quickly. Subscribe for the stock immediately on the terms herein mentioned.

NEW WESTERN RECORD.

Dennis Bennett of Canada Covers Marathon Race Course in Very Fast Time.

[BY THE ASSOCIATED PRESS—P.M.] CHICAGO, Oct. 1.—Dennis Bennett, of Hamilton, Can., won the Illinois Athletic Club's Marathon race at 40 kilometers here today, over a field of 42 starters, covering the distance in 2 hours, 41 minutes and 35 seconds, and establishing a new record in the West. His closest rival at the finish was S. H. Hatch of River Forest, Ill., whose time was 2:46:55.

Ravinia Park, twenty-nine miles north of Chicago, was the starting point for the long run; the finish was at the Illinois Athletic Club house on Michigan avenue. Mayor Dunne fired the pistol that started the field away over a course that was in excellent condition after the hard rains of the past few days. Nearly half a hundred automobiles followed the runners. The finish of the first five was as follows: Dennis Bennett, Hamilton, Ont. 2:41:35; S. H. Hatch, River Forest, Ill. 2:46:55; J. T. Armour, unattached.

Chicago, 2:55:46; Fred Lora, Morawk A. C., New York, 2:56:55; E. V. Bowman, Chicago, Seventh Regiment A. C., 3:02:35.

Two Pianos That Are High in Quality Yet Moderate in Price

In buying a Piano, no matter whether you pay \$500 or \$1500, you want
the most reliable at the price. The Emerson and Sterling Pianos are well known
world over. You make no mistake when buying them.

The Emerson

The Emerson is a universal favorite, over 80,000 in actual use. It is a Piano built on the old honor-
able lines. Its price is high enough to in-
sure the best materials and workmanship,
and yet low enough to attract the attention
of the most discerning buyer.

The Sterling

The Sterling is a Piano we can recommend, con-
sidering its class, with the same confidence
with which we recommend the Emerson.
The Sterling is a high grade, me-
dium priced Pi-
ano, with re-
markable last-
ing qualities—
both in regard
to tone and
durability.

CIGARETTES AND ARRESTS.

Sellers of Tobacco to Boys Taken by Police.

Law Openly Broken at Utah-street Corners.

School Principal Sees Reform Need Higher Up.

"I am of the opinion that reform should be started a little higher up. Is it not a fact that presidents of some of the largest corporations in this city, prominent merchants and citizens, smoke cigarettes? Study the matter at the cafes, fashionable theater nights, and this other side of the matter will be strongly realized. Society has placed a stamp of aristocracy on cigarette smoking. It is deemed well to smoke them over the small cup of black coffee. Your corporation president lights one as he enters his club. Young ladies raise not the slightest objection to their escorts smoking cigarettes as they ride home on the outside section of street cars. I am sure that these facts have an effect. Don't you think that the small boy gets the idea that it is well to smoke cigarettes from these very facts?" (Miss Alice J. Cushing, principal of Utah-street school.)

The flagrant and pernicious sale of tobacco to minors in this city has aroused the police department, shocked the Humane Society, and started the principals of the public schools.

Cigarette smoking among school boys, a destructive habit, is claimed to be increasing at a remarkable rate. There are places in this city where tobacco is sold unquestioned, to boys five years old. It is sold to little girls. Women sell it unashamed.

Evidence against three such places in the vicinity of the Utah-street school was secured by members of the police force yesterday. John Herman, a grocer with place of business at No. 1300 Kearney street—not 300 feet from the Utah-street school—was arrested. Other arrests are to be made today.

Action was taken at the last meeting of the directors of the Humane Society to formulate plans for a campaign against the cigarette habit among schoolboys, and a report of these plans will be submitted at a meeting of the board Thursday afternoon. Mrs. E. M. Millard, president of the school board, said she is sure that dealers in tobacco will be forced to obey the law, and an appeal will be made to the school board to take action which will stamp out the ruinous habit among school children.

BOYS AND GIRLS BUY.
R. H. Huff, who is working as a plain-clothes patrolman, was detailed yesterday afternoon by Capt. Broadhead of the police department to make an investigation of the stores in the vicinity of the Utah-street school. It was about 5 o'clock, but as the Utah school has splendid equipment of yard gymnasium apparatus, a group of schoolboys were found there playing. In response to questions a dozen of them readily admitted that they smoke cigarettes and that they can buy the tobacco, with paper rolls, at the store in the neighborhood. One little girl 8 years old said they can buy all the tobacco they want.

"Course the store man thinks it is always for papa, but sometimes we buy it for the boys," said one of these tots.

Cruz Bielovo, 9 years old, a Spanish boy living on York street, went to the Blue Store Grocery, which is diagonally across the corner from Utah and Kearney streets, where the schoolhouse is located. He was preceded by Patrolman Huff. The child was given a sack of Durham tobacco and given the cheap papers that ordinarily accompany each sack. The proprietor of the store are George Cusulas and Chris Mathas. The tobacco was sold by a clerk, and the child left the store one of the proprietors gazed at the clerk what he had sold the boy.

"Tobacco," answered the clerk.

"Well, he bought it for his father," said the proprietor, looking nervously at the tall stranger who was drinking soda pop with his mouth and witnessing the transaction of the sale with his eyes.

SEEN AT IT BEFORE.
"I have seen the proprietors of the Blue Store Grocery sell tobacco to schoolboys dozens of times," said C. E. White, who has charge of the fourth grade, which is the highest grade in the Utah-street school. "I sincerely hope the rank violation of the law will be stopped. The storekeeper for this neighborhood have been requested a number of times not to sell tobacco to school children, but they keep right on selling it."

White has charge of the playground from 1 o'clock to 3 o'clock on the afternoon of school days, and from 3 o'clock to 5 o'clock on Saturdays. The first Saturday after school opened I smoking cigarettes or twenty of the boys and I made them throw them away, and told them that they could not smoke on the school grounds. With a few exceptions the boys have obeyed this, but I know that they smoke after school. Why some of these children will be playing in the school yard and deliberately go across the street, and down upon the ground, roll cigarettes and smoke them. We are supposed to have jurisdiction over the school children until they reach their homes, but as long as the storekeepers sell them tobacco I am powerless to stop the evil. The attendance here is principally made up of Mexican and Russian children, with a small number of Greeks and white children. There are probably 100 boys who smoke cigarettes, and all of them are under 16 years of age."

HERMAN SELLS.
Harry Huff, 11 years old, living at No. 1418 East First street, and Frank

Mulvaney, 14 years old, residing at No. 1218 1/2 East First street, went to the store of John Herman, No. 1300 Kearney street, preceded by Patrolman Huff. "Give me a sack of Durham," said Harry, upon entering the store. Herman handed him the sack and gave him change for a dime.

"Guess I will take a sack, too," murmured Frank, handing the proprietor a nickel.

Herman was placed under arrest and will appear at the police station this morning. The case against him could hardly be stronger.

Henry Drew, 11 years old, a mile of a Spanish boy, then went to a grocery store on the southeast corner of First and Utah streets.

"What you buy like?" asked the woman behind the counter.

"I'll wait for the boss," said the boy.

"What is it? I can wait on you," persisted the woman.

"Sack of Durham," said Henry, in desperation although he had been told to buy only from the proprietor.

"Oh, is that all?" and the woman handed the child the tobacco and six little books of papers.

Patrolman Huff was sorely tempted to arrest the woman, but he said, "The child is just as good against the proprietor, and I will get him tomorrow. There are a dozen boys who can testify to having bought tobacco and cigarette papers here. That woman will hate awfully to admit in police court that she sold 'the makings' to such a young and weakened school kid. Gee, I can't drink any more soda pop today. We have seen enough to get a pretty good line on conditions in this district, and they certainly are a fright."

SMOKING SINCE FIVE.
Lester Connolly is 14 years old, lives at No. 1214 East First street, and attends the Sisters' school on Main street. Asked if he had tobacco in his papers, he pulled "the makings" out of his hip pocket and handed them to a Times reporter.

"How long have you been smoking cigarettes?" asked the recipient of the smokes.

"Ever since I was 5 years old," was the answer.

"I tried once, but I can't now," said the boy, who was at the cigar stores up town.

"Sure, I can buy at all of them, and at the drug stores and fruit stands

or most any place. I don't like Durham. I smoke Queen brand."

Godfrey Young, who attends the Second-street school, is a Spanish boy 15 years old. In conversation with C. E. White, who forbade him to smoke on the Utah-street school grounds, he said that he could not remember when he commenced to smoke cigarettes. "I guess it was 15 years ago," he said, laughing. "Lots of Mexican mothers roll cigarettes for their kids, and there are lots of mothers around here who smoke. I know how to smoke about as soon as I knew how to talk."

Miss Alice J. Cushing, principal of the Utah-street school while she acknowledged the cigarette habit is very common among the boys of her school, insisted that she has exerted her authority against the evil and that she is powerless to do more as long as the merchants indiscriminately violate the law.

As far as the Mexican and Spanish boys are concerned, I am afraid it is almost a hopeless case," she said. "These races of people should have been told to stop cigarette smoking about 400 years ago. I am afraid it does little good to tell the coming generation to stop. Smoking is to these races the work of the watermelon. If the law was strictly enforced a big step would be taken toward lessening the evil habit among children."

INCREASE OF WAGES.

Water Board Raises Minimum Rate of Pay for Laborers to Two and Quarter a Day.

At the regular meeting of the Water Commission yesterday, Commissioners Sherman and Baker, to whom was referred the petition of laborers for increase of wages, reported that the request was reasonable, in view of the advanced cost of living, and recommended that the minimum wage of common laborers be fixed at \$2.25 for an eight-hour day. The report was adopted, and the increase goes into effect immediately.

The board received a letter from the Civil Service Commission, admitting the impracticability of applying civil-service tests to school teachers, and the department, and agreeing to do everything possible under the law to remedy the difficulty pointed out by the board in a recent communication. The Water Board will ask the Civil Service Commission to cancel its old lists, which have become virtually useless, and provide new lists of eligible laborers.

OFFICIAL ACCUSES ANOTHER.
L. D. Mather, appointed by the board of public works to examine the Mercantile Improvement Company's offer to use proper stock to draw street car tracks, is accused by Humane Officer Zimmerman of cruelty to animals. The officer alleges that Mather allowed a mule driver to use a worn-out team in the work. The matter will be investigated today.

NAVAL DESERTER CAPTURED.
W. A. Hughes, a deserter from the U. S. Navy, tried to impersonate an officer yesterday. While he was buying a citizen on the strength of his pseudo standing, Detective Siegler ran across him. The officer recognized the deserter and arrested him. He will be sent back to the naval station.

The scenes around the big ice plants yesterday were as stirring as a battle—more stirring than some battles.
Hundreds of horses were driven to

life when the thermometer is beating its head against the top of the cage.
ICEMANLESS AND HOTTER!
The day before being Sunday and even hotter by much than yesterday, when ice was scarce.

By the machinations of a relentless fate, the ice wagons only deliver that day to the downtown saloons, fountains and restaurants. A Christian at home didn't have a chance.

With the family boxes full, you can afford now to laugh at your experiences of Sunday; no joke then. Iceless people fairly besieged the corner drug stores. It was no use for the soda fount proprietor to plead that he needed more than he had himself. You can't tell that to a ferocious mob. People pleaded and insisted and would not take no.

Ice was passed out in chunks not much bigger than a hickory nut to householders who wept salt tears on the frozen chunk in their gratitude. Prices charged were something ferocious; they made 1000 per cent. profit.

As the ice wagons refused to come, women with dinner on their hands sent out huddles with stern orders never to darken the threshold without ice. The famed resourcefulness of the American man was, in this instance, put to its finest by the fact that every American man was secretly afraid of his wife.

In many instances express wagons were pressed into service and the express man rode down to the ice factory with a worried individual with his coat on his arm; but who came back with ice.

Even automobiles became ice wagons, the back seats being packed with dripping cakes that leaked all over the road, and there were bicycles and other vehicles pressed into service.

All of these stormed the harassed ice factories where no facilities for handling a large Sunday trade exists. Yesterday morning a whole ice-hungry city in one mighty chorus yelled "ICE," the clamor of red-faced thousands was felt at the ice factories. Only the wonderful capacity of Americans for meeting emergencies, could equal that demand.

The best thing ever written about an ice man was in Life, years ago; it is still true. It said this was the song of the ice man written month for month. July—"Good morning, madam, would you like some ice today?"

August—"Any ice?"
September—"Ice? Get up." (whip crack.)

As he trundled along the streets yesterday, frantic heads burst out of upper windows and shrieked: "Ice man! Ice man! oh, ice man."

life when the thermometer is beating its head against the top of the cage.
ICEMANLESS AND HOTTER!
The day before being Sunday and even hotter by much than yesterday, when ice was scarce.

By the machinations of a relentless fate, the ice wagons only deliver that day to the downtown saloons, fountains and restaurants. A Christian at home didn't have a chance.

With the family boxes full, you can afford now to laugh at your experiences of Sunday; no joke then. Iceless people fairly besieged the corner drug stores. It was no use for the soda fount proprietor to plead that he needed more than he had himself. You can't tell that to a ferocious mob. People pleaded and insisted and would not take no.

Ice was passed out in chunks not much bigger than a hickory nut to householders who wept salt tears on the frozen chunk in their gratitude. Prices charged were something ferocious; they made 1000 per cent. profit.

As the ice wagons refused to come, women with dinner on their hands sent out huddles with stern orders never to darken the threshold without ice. The famed resourcefulness of the American man was, in this instance, put to its finest by the fact that every American man was secretly afraid of his wife.

In many instances express wagons were pressed into service and the express man rode down to the ice factory with a worried individual with his coat on his arm; but who came back with ice.

Even automobiles became ice wagons, the back seats being packed with dripping cakes that leaked all over the road, and there were bicycles and other vehicles pressed into service.

All of these stormed the harassed ice factories where no facilities for handling a large Sunday trade exists. Yesterday morning a whole ice-hungry city in one mighty chorus yelled "ICE," the clamor of red-faced thousands was felt at the ice factories. Only the wonderful capacity of Americans for meeting emergencies, could equal that demand.

"Oh, is that so? Well, how big is a pound of ice? Well, please put it in the ice box. You can take out that bottle of olive oil and the sliced tomatoes and put the watermelon, and—"

Before she gets a chance to tell the ice man to come back at 6 and cook the family dinner he opens the ice box and lets a ton slide in with a beautiful crash.

Ice gave out in the wagons about ten thousand times yesterday on ten routes. Women would go flying out and pursue the frightened ice man for two blocks down the street screaming after him to return.

Any well-informed ice man knows that the only thing to do when the ice gives out is to make a run for your

Torture Racks in "The Times" Stir Chinese Ire.

Washington Government Is Asked for Confiscation.

Whang-Ho With Instruments Now Due Here.

With the object of prohibiting the display on this Coast of Chinese beheading knives and hideous torture racks on the Chinese war junk Whang-Ho, that is due to arrive in San Pedro Harbor this week, the Chinese government has asked the United States Consul-General Rodgers at Shanghai and asked that they be confiscated by the American government.

The objections were presented by the Viceroy of Shanghai, who was caused by the strenuous disapproval of the display of these quaint and horrible instruments by Yu Hsien, Viceroy of the province of Shanghai. These objections are based upon the grounds that the torture racks are purely Chinese, and that their exhibition would only arouse the fury of the mandarin and native class of China.

Advice of the official objection to the exhibit of these articles yesterday reached W. M. Milne of Los Angeles, who purchased the Whang-Ho from the Chinese government. His friends, Mr. and Mrs. W. J. Harvie of Pittsburgh, who are returning missionaries, brought the information.

It is stated that a great oriental howl has gone up from the faithful in the provinces of Shanghai and Canton, and that the celestials are scurrying about among one another displaying copies of the Los Angeles Times of May 20, which contained the first pictures of Chinese torture racks and actual beheading scenes ever published in America.

STIRS THE CELESTIALS.
The statement is made that the papers in Shanghai and Canton republished the article in The Times, with the pictures, and this incensed the natives. They declared that the Joss would never smile upon them again if the "foreign devils" were permitted to have a good view of the horrible machinery and racks of torture used by the Chinese government.

Mr. and Mrs. Harvie were in Shanghai at the time the Chinese papers republished the story from The Times. They had been stationed in China for the last several years and are well acquainted with the mode of life of the Chinese. The two missionaries stopped over in Los Angeles for several days, leaving last night for Pittsburgh. They told of the almost unendurable fury with which the mandarins saw actual photographs of some of the most heinous tortures reproduced in an American paper.

While their rage was fierce it would probably have been permitted to burn itself out had it not been for the actions of Yu Hsien, Viceroy of the province of Shanghai, one of the active anti-foreign Chinese. This Oriental started a propaganda and called

GIFFEN STIFFENS SENATORIAL FIGHT.

SHADES of Boss Tweed and all other political corruptionists, a recent man has a chance to represent the Thirty-eighth Senatorial District in the next Legislature of California.

The seat long defiled by the notorious "Copper" Pendleton will be warm in the next session, if the people do their duty at the polls, by a man who is the direct antithesis of the corrupt politician about to retire.

G. M. Giffen, nominee of the non-partisan organization, Los Angeles, will, if elected, properly represent his constituents in the lawmaking body of the State.

He will not, like the incumbent, be

THE POLITICAL WATCHTOWER

It was no surprise to me yesterday when I heard the machine was putting its hobbles on Republicans to keep them from voting for "Charles" Bell for State Senator from the Thirty-sixth district.

The independent candidate, a gentleman named Ben Hahn, nominated by the organization at Venice, before they are through with it will be corralled on a diet of bread and water to keep them in line for election day. That fight of Bell's is one of the historic things in Pasadena. Tourists to this day are shown the spot where Bell's machine was run. Old-time machine politicians who suffered Bell's rule are still walking with a limp. When they see Bell coming down the street now they cross to the other side.

Dr. W. A. Lamb, for Supervisor Third District.

Republicans who were nominated for county office by the Venice convention are stepping up in lively fashion to the capital office as county committee headquarters in the German building and paying campaign expenses to meet the expenses of the contest now on. A funny part of this is that those Republican nominees who were endorsed by the non-partisan county organization are pouring in cash that is to be used in fighting the independent candidates who were associated with them on one of the tickets.

On the other hand, these fortunate ones who were given the endorsement of the non-partisans are paying nothing into the coffers of the latter organization. Some of them say they have not been asked to do so. They do not seem to know just what they would do if called upon to make such contributions. It is understood that the non-partisan organization could find use for more campaign funds, while the report was current yesterday that the Republican machine has come into possession of a large sack with jingling contents that came in on day after day. This rumor could not be confirmed.

women who are giving their services freely in order to make the juvenile court law a success, then the latter is likely to afford an easy way out for the upholders of the present dynasty to fall easy. For however the Supervisors may decide in the quarrel that has been engendered, it would amount to nothing if there should be a clean sweep at the home on New Year's Day.

It looks as if the Supervisors personally are inclined to let the women have a strong hand in the home. Chairman Patterson is in favor of the idea and Supervisor Alexander also favors the plan. Though not on record, Supervisor Graham has unofficially spoken in the same strain, and right there is a majority vote. All of which appears to indicate that perhaps, after all, that investigation of the Detention Home today will not amount to much.

HAS NEARLY TWO MILLIONS.

Usual Monthly Count of Money in County Treasury Made Yesterday.

The usual monthly count of the moneys in the county treasury was made yesterday and showed the following amounts to be on hand, and in the following kinds of money:

Gold, \$439,950; silver, \$629,693; currency, \$196; checks and drafts, \$1328.09; controller's warrants, \$53,676.38; on deposit with various banks throughout the county, \$1,253,000.00; total, \$1,856,448.14.

County Recorder Hartwell has reported having received in his office during the month of September, the sum of \$12,267.70. This is slightly less than the total for August, but in the month just closed there were only twenty-three working days. There were copied during September 22,943 folios.

The monthly report of County Clerk Keyes, placed on file yesterday, shows that the following fees were collected in his office during September, and were credited to the two funds appointed under the law:

Received from probate, \$791.75; from civil, \$2769.20; from miscellaneous business, \$245.50; total, \$4466.55. Credited to the Law Library Fund, \$482; to the Salary Fund, \$2984.55; total, \$4466.55.

RESERVOIRS DEPLETED.

Hot Weather Causes Consumption of Thirty Million Gallons in Excess of the Supply.

Last Saturday morning the city reservoirs lacked 3,000,000 gallons of being full. Yesterday afternoon the shortage was 29,555,000 gallons, showing consumption in excess of supply of more than 26,000,000 gallons in two days. The shortage was distributed among the various reservoirs as follows: Buena Vista, 5,900,000 gallons; Bellevue, 4,200,000; high gravity, 1,800,000; high service, 1,700,000; Garvanza, 1,600,000; Franklin, 14,700,000.

Cause of the shortage is the exceptional heat and the consequent abnormal evaporation from the reservoirs and gardens. The full moon also has something to do with the matter. When hot days and bright moonlight nights coincide, the consumption of water attains the maximum. People sit up late on their porches and keep the sprinklers going until they go to bed.

Unless the heat abates and weather conditions return to the normal very soon, the water department will be obliged to shut off street and lawn sprinkling to save the reservoirs from being emptied completely.

EQUAL SUFFRAGISTS.

At the evening session tomorrow of the annual meeting of the Los Angeles County Equal Suffrage League, Judge Curtis D. Wilbur will preside. The advisory board, consisting of Judge Curtis D. Wilbur, James H. Brail, Prof. J. H. Hough, P. H. D. and Hon. Waldo M. Kork, are to occupy seats on the rostrum. At the afternoon session at the Woman's Clubhouse, Miss M. M. Peete will attend as representative from the Southern California Parliament; Mrs. Mabel Burbridge, president of the Business Women's League, will represent that organization and Mrs. Mary Kinkaid will represent the Woman's Press Club.

HURT BY FALL FROM CAR.

Haste to leave a street car at First and Spring streets last night resulted in J. F. Karkis of No. 40 Vernon avenue receiving painful injuries. He attempted to step from a moving car in the week hurried to the pavement. At the Receiving Hospital it was found that his injuries consisted of lacerated hands and a deep wound on the face.

But on top of all this is the fact that the big broad-minded people who have opposed Hahn because of his utter servility to the machine, and all it represents are working hard for Bell, whose entrance into the Legislature offers an opportunity to shake off the candidate foisted on them by the smooth ringsters in spite of the will of the voters as expressed at the primaries.

Through the clever gerrymandering of the city of Pasadena in the interest of Hahn, delegates favorable to him in the election are being packed in districts known to be opposed to him, and the result was that he secured the nomination in spite of the fact that he was endorsed by about one out of a total of 1400 who took part in the primaries.

candidate Bell is making an active campaign in spite of the efforts of the gangsters to keep him under cover. His big personal following is joining him in the canvass and it is expected that public meetings will be arranged within a short time, when he will have an opportunity to show up the tricks of his opponents and the political shortcomings of his adversary.

Marshall Stimson, independent candidate for the Assembly from the Seventy-fourth District is opening his campaign in a lively manner. He will hold a meeting at 8 o'clock this evening in the First Ward, at the rooms of the Improvement Club, Dayton avenue and Avenue 27, when he and a number of other independent candidates will speak. Among the number will be Charles W. Bell of Pasadena, candidate for Senator in the Thirty-sixth district, and J. R. Millard, candidate for Supervisor of the Third District.

Mr. Stimson, who is a public-spirited young man of practical ideas, is setting the pace for his associates on the independent ticket and he keeps up the pace he has started he probably will galvanize his opponent, Robson O. Bell, the Republican machine candidate, into action—a consummation that should make votes for Stimson.

For Bell is a typical specimen of the independent ticket and he keeps up the pace he has started he probably will galvanize his opponent, Robson O. Bell, the Republican machine candidate, into action—a consummation that should make votes for Stimson.

Stimson will speak at Highland Park and in a hall on Downey avenue later in the week and on Friday night he will speak at Hollywood with other independent candidates, including Ben Ward, for Assessor, T. W. Brotherton, for Senator Thirty-fourth District, and

REGARDLESS OF PASSENGERS.

MOTORMEN RACE TO CROSSING, AND CARS BUMP.

Stupidity and Carelessness Responsible for Majority of Street-Car Disasters Here, Displayed at Fifth and Spring Streets—Citizens Become Indignant.

A sample of the same sort of stupidity and carelessness which has been responsible for the majority of street car collisions in Los Angeles in the past year all but caused a disastrous smash between two cars of the Los Angeles Railway at Fifth and Spring streets last night at 3:30 o'clock.

Kearlake car No. 394 and Hooper car No. 149 tried to make the crossing at the same time, notwithstanding the fact that both motormen clearly saw that neither car could make the crossing unless the other stopped. In spite of this, both motormen applied the full current and raced for the crossing, with the result that the cars came together, platform to platform.

Nothing but the good condition of the emergency brakes applied at the last moment by both motormen saved the passengers on the two cars from injury or possible death. Horrified at the criminal recklessness of the motormen, bystanders and passengers cried out in dismay.

Had the matter ended there, with the cars backing away to their proper positions to await the signal of the crossing flagman, no such onus of blame would have attached to the two silly motormen in the eyes of spectators; but in spite of the orders of the switch tender for the cars to back away from each other, each motorman stood back and cursed the other, both refusing to budge a single inch.

In addition to the inconceivable display of their unthinking recklessness, the two quarrelsome trainmen then proceeded to delineate the pedigree, one of the other, in no complimentary terms, to the disgust and rising indignation of the passengers.

While the two trainmen quarreled, in spite of the entreaties of their conductors to back off of the switch, and in defiance of the orders of the switch tender, twenty-four cars, by actual count, of all the lines centering on Spring street, lined up in a hopeless jam, and the passengers became impatiently more and more furious while the "kid" motormen "sassed" each other.

To the request of the passengers that they move on, the motormen insolently replied that they would stay there all night before one would give an inch to the other.

Finally, when a white-hot committee of passengers volunteered to kick the motormen off the platforms of their cars, the motorman of the Eastlake car, shouting to his rival, "I'll get you for this," threw in his reverse, and backed his car six inches to allow the other to pass.

The passengers whose lives had been imperiled were furious and did not hesitate to voice their opinion of the motormen in plain terms, calling to mind the fact that just such petulant new on two party-of Los Angeles motormen in racing for crossings to steal rights of way has been responsible for some of the most disastrous and fatal accidents in the street car history of the coast.

FIGHT BRINGS MORE TROUBLE.

S. Moshenkoff of No. 345 East First street was sent to the Receiving Hospital last night from First and Los Angeles streets to receive surgical aid as a result of his encounter with L. Cohn. The latter was arrested on a charge of battery. The men met on the street and began to fight. A policeman soon ended the conflict.

JUAN SOTO BOUND OVER.

Juan Soto was held yesterday by the District Court to answer a charge of assault with a deadly weapon. Soto was brought back from Yuma, where he had gone, after he had shot Ralph Gallardo in the leg. Gallardo is seriously injured, and blood poisoning may develop from the wound.

THE WINNING STRIKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well-informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

Fall Dress Trimmings

Dozens upon dozens of rare and artistic designs in dress braids and fancy trimmings in our displays this fall. Almost all will separate and lend themselves to any shape.

Elaborate galloons, festoons, medallions, and the new bullion effects for evening gowns, in delicate shades, antique bead designs, strikingly handsome; new soutache braids, sewn on end instead of flat, as formerly, giving a relief effect; vestings with little touches of gold, and black and white combinations in variety.

Among the braids are alternate leaf-and-flower, braid-and-taffeta, velvet-and-applique combinations, Persian bands and heavy black silk appliques for finishing cloaks and wraps.

There is simply no end to combinations and designs.

Children's Underwear

Fall lines of children's knit underwear in a completeness of variety unequalled heretofore.

Union suits, knee length pants, short sleeved shirts, ankle length drawers, low or high necked vests—any style which experience has convinced you is best suited to your children's healthfulness, you'll find here in various weights, and such well-known makes as Merode, Luzerne, Rob Roy, etc.

Dr. Deime's Linen Mesh underwear in sizes from those for infants up to youths and misses, shirts, drawers and union suits.

Autumn Silks

A few of the leading weaves in shades of brown now to be found in the silk section. Taffeta, louisine, peau de cygne, messaline, 19 and 23 inches wide, 85c to \$1.25 a yard.

Poplinettes for popularity this fall. All the good shades here in 24 inch width, \$1 a yard.

Rough pongees are always good for coats, or to use in interior decorating for portieres, etc. A good assortment of shades here, 30 inches wide and seldom sold under \$1.25, now 85c a yard.

Washable Garments at Half

Such warm days as yesterday and Sunday are likely to be frequent during October. Cool clothes are necessary to any degree of comfort.

Every separate wash coat, shirtwaist suit, coat suit or individual skirt from our late summer purchases is reduced to half price now, an opportunity many wise women will turn to advantage.

Models of many attractive sorts are here, some made beautiful with real hand work embroidery, or insets of insertion and fine lace, all are good styles both for now and way into winter.

Any you fancy at half its original reasonable price.

"Diyella" flannels are all wool, fast color and unshrinkable, so for better garments they are ideal. We carry both the solid colors and the fancy patterns, and sell them for 75c a yard.

Wool challies—shown in white and colored grounds, plain or in Persian figures. Especially adapted for kimono and warm housegowns, 50c, 60c and 75c a yard.

NEGRO SLAIN BY SHOTGUN.

Winery Quarrel Is Followed
by Bloodletting.

Race Prejudice Is a Factor In
Taking of Life.

Slayer Is Jailed; His Act
Unpremeditated.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

CLAREMONT, Oct. 1.—"Tough" Webster ended a slight quarrel last evening by shooting and killing Elijah Washington, a negro. It was done with a shotgun. Webster is in custody.

The slaying took place at what is known as the Sandow winery, between Pomona and Ontario. It was apparently an outburst of race prejudice between white and black, and brings to mind vividly the condition of affairs in the days of the vigilance committees. The shooting was apparently quite unpremeditated, and entirely unlooked for.

Webster, with Fred Drew of Ontario, had been out dove shooting in the fields east of Pomona, and Webster suggested a drink at the winery, not far distant. There the two company gathered and joined in the card playing and fun making.

ADVANCE ON SLAYER.

When again in the yard behind the ranch house, a dispute of no consequence arose between Drew, Webster, Milo Bowen of Pomona, and one or two of the bystanders. Washington, who was a striking negro, resented some words of Drew, and started to take off his coat, as if for fighting. Webster, who was evidently little the worse for liquor, stepped to the buggy, which was hitched close at hand, and grabbed one of the shotguns from the bottom of the wagon, threatening to shoot Washington if he approached a step nearer.

"Why, you wouldn't kill a man, would you?" asked Washington, and for answer Webster threw up the gun and shot him through the neck with both barrels, loaded with the worst shot for doves. The lead tore a large wound in Washington's neck, and he fell into the arms of Drew, who was standing beside him, and expired almost instantly.

Drew, in telling of the affair, said that he and Webster left the dove shooting on account of the heat, at Webster's suggestion, to get a drink. He insisted that none of the parties to the affair were intoxicated. Webster, he said, had resented the attitude of the negro, and said that he would take no insult from any Mexican or nigger. It was then that Washington started toward him, and that the shooting took place. Drew said that the whole incident took so little time that he hardly knew what had happened.

ESCAPE CUT OFF.

After the gun play Webster leaped into Drew's buggy, in which the two friends had driven down, and tried to escape. Moving his friend Carter, of Ontario, he turned the team over to him to take back to Drew's, after reaching the Cicamonga railroad station. It was at the station that the arrest was made by the police.

Washington was a splendid figure of a man, standing about six feet, and weighing about 180 pounds. For one of his race he was unusually handsome. That he was fearless is shown by the way in which he advanced toward the leveled gun, after Webster's threat that he would kill him if he came nearer. The post mortem examination this morning made by Dr. C. Sheppard of Ontario and O. W. Conk of Upland, showed that the death was caused almost instantaneously by the gunshot. The weapon was a hammerless one, and the safety catch was said by Drew to be out of order, so that the gun was already cocked, when lying in the buggy.

Webster had been a resident of Ontario for about a year. He formerly was an Oklahoma man. He has been the time for the Home Telephone Company, and enjoyed a good reputation. Like Washington, he was a splendidly set-up fellow, strongly in appearance. Grief at his present predicament is general about the town.

Owing to unavoidable absence of Corporal H. Pittman of San Bernardino, the inquest was postponed from this morning until tomorrow. It will be held in Dropper's undertaking rooms in Ontario.

The slayer is in the custody of Sheriff Ralph of San Bernardino. Drew was arrested this morning and released on bail. One of the negroes with Washington at the time of the shooting started out into the country at a lively pace and has not been heard of since.

COURT BAILIFF DEAD.

William Rector, Well Known to Attorneys and Others, Passes Out at Advanced Age.

William Rector, who has been bailiff of Judge York's court for some years, died last night at his home, No. 2720 South Grand avenue, as result of cancer. He had been a very sick man since last January, and was operated on for the cancer in June. He was able to get out for a time after the operation, but never regained his health.

Even those who knew him well will be surprised to know Mr. Rector was 71 years of age. Up to the time he dropped out of the life he led a vigorous, interesting, hearty man. He was known to hundreds of attorneys during his work about the courts; he was an honorable, courteous, fine old gentleman.

Mr. Rector was born and raised in St. Vernon, O., and went to the Civil War from that place with an Ohio regiment, in which he gallantly served his country.

About twenty years ago he removed to Los Angeles where he has lived since. He became prominently a figure in the political life of the place.

He will be buried tomorrow, the funeral service to be conducted at 2 o'clock at the First Methodist Church. The remains will lie at Breese Bros. until that time.

Mr. Rector leaves a widow and one married daughter.

BOLD THIEF GETS MONEY.

A burglar displayed boldness in entering the residence of Mrs. Ed Alexander at No. 724 Maple avenue Sunday evening. He got into the house through an unlocked door while the family was on the porch, and stole \$24. None of the occupants of the house heard the thief, and he had apparently been gone for some time before his visit was discovered. The theft was reported to the police.

"Kills Catarrhal Germs."

Hymel's Healing Air Reaches Every Part of Nose, Throat and Lungs.

Hymel is the only scientific and thorough way to cure catarrh. Stomach medicine does not reach the catarrhal germs in the air passages and cannot possibly drive them from the system. By breathing air medicated with Hymel the germs in the nose, throat and lungs are killed and all traces of catarrhal poison are effectually driven out.

Some people may think that Hymel is simply for catarrh of the head and throat, but it is equally effective in catarrh of the stomach, liver or kidneys. The catarrhal germs are in the mucous membrane and Hymel not only kills the germs in the air passages, but enters the blood with the oxygen, thus killing the germs in the blood and freeing the whole system from catarrh.

Hymel is sold under an absolute guarantee to refund the money unless it cures. A complete outfit costs but \$1.00, extra bottles 50c.

Write us today for symptom blank and one of the best catarrh specialists will give you without charge personal advice and whatever prescriptions you may need. All druggists are authorized to refund the purchase price on Hymel should it fail to give satisfaction, but if your druggist will not refund, return the empty package and inhaler to us, and we will comply with guarantee.

any means one missed his portion, as

is hardly likely, the loss is his. It was

there at the soda fountain for him.

It may have been the overworked

attendants served the cooling beverage

to some one else, but it is certain

that something like 250,000 ice cream

soda, phosphates and sugar drinks

were thrust into the frantic hands of as

many Angelenos between 5 o'clock yes-

terday morning and midnight.

Before and in approximately 200 soda

fountains, ice cream parlors and res-

taurants, scores of experts were busy

all day in dishing out the cool-

ing, thirst-quenching, stomach-

tickling delectations.

FACED FAMINE ALL DAY.

It is more or less conservatively es-

timated that when the last establish-

ment closed its doors at midnight there

were not more than forty-eight ounces

left of all the huge ice cream supply

of the city.

Never before in the history of the

town have the manufacturers of ice

cream, has Los Angeles faced the fear-

ful horror of an ice cream famine as it

did all day yesterday, especially

the terrible hours of the after-

noon and early evening, when 200

dispensers of the elusive sweet shiv-

ers, apprehensive and self-doubting

slaughter of the undiminished thou-

sands massing about the places where

the confection is sold.

Dispensers generally agreed that

one effect of the heat of yesterday

was to break the ice cream soda re-

cord for week days just as the week-

end smash of Sunday high marks for

the guzzling of harmless soft drinks.

The trouble all day was, how-

ever, the vicissitudes of the ice cream

business are like those of the Wall

street broker who goes in to "buy"

Mr. Harriman or Mr. Rockefeller

business. The ice cream maker must

run a weather department of his own.

He dare not trust to the vagaries of

the government expert. If he did he

would not last as long as a quart of his

morphine poisoning. He was revived in the Receiving Hospital.

Reynolds is an old man. He had found his struggle in life too keen, and gave up. In a pitiful note he explained his dependency to A. L. Austin of No. 117 South Broadway, one of his friends. In the note he said that his other friends had left him and that he had ruined himself trying to help others.

The note mailed to Austin was received by the latter yesterday morning. He hurried to Reynolds's home and found the man unconscious. He at once notified the police, who hurried the sufferer to the hospital.

SHORT SHRIFF FOR THIEF.

W. Weisman, an ex-convict known to the police as a habitual thief, was driving on the street at 4:20 o'clock yesterday afternoon, and before a 5 o'clock was in jail for a seventy-five-day term. Patrolman Humphreys, on crossing duty at First and Main streets, saw the man and recognized him as being wanted. The officer hailed Weisman, who whipped up his horse. A race followed. At Temple and Main streets the officer overtook Weisman. In the wagon was a quantity of stolen pipe. The prisoner was at once arraigned in the Police Court. He confessed the theft and was given
